

# README

**Internal Logic For Live Session (4.10)**

**NOTE: Ghosts will follow only unexpected sounds,  
so empty yourself of plans**

**Members are free to make any sound of any volume at any time.  
If a Kunsu makes a loud noise, make a soft noise until they stop.  
If a Kunsu makes a soft noise, make an even softer noise.  
If the Ghosts are being boring, reframe the exchange.**

**RED YELLOW BLUE**

**red = sing a line**

**blue = continue current sounds**

**yellow = new sound**
